R STARBUCKS RESERVE® COFFEE

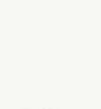

A RELENTLESS PURSUIT OF SOME OF THE RAREST COFFEES

Each year we travel the world in search of great coffee. Every once in a while, we discover a handful of beans so special and rare that we can't wait to bring them home and share. Our buyers and agronomists at our Farmer Support Centers work closely with farmers around the world, giving us the ability to discover and source unusual, one-of-a-kind coffees. Our team of expert Starbucks tasters evaluates more than 250,000 cups every year in our tasting room, selecting just a few of the most unique coffees to become Starbucks Reserve® coffees.

TAILORED ROAST PROFILES FOR EACH COFFEE

Collaborating with our tasting team, our master roasters experiment until they unlock each coffee's inherent flavor qualities. We don't tell the bean how to taste – we listen to know what the bean has to offer so we can bring out the best flavor.
